2026 CBAM annual submission and account movement

Registry export CBAM-NL-2027-000491 | extract captured 3 October 2027

Submitted annual declaration — selected fields

Declaration field	Value on filed record
CBAM declarant	North Sea Metals B.V.; NL-CBAM-26-04731
Reporting year	2026
Submission	30 September 2027, 18:21 CEST; status: submitted
Goods CN 7208 39 00	3,680.00 t | attributed embedded direct emissions: 3,135.820000 tCO2e
Goods CN 7210 49 00	3,180.00 t | attributed embedded direct emissions: 4,261.200000 tCO2e
Total recorded embedded emissions	7,397.020000 tCO2e
Free allocation adjustment uploaded	2,897.020000 tCO2e (aggregate; operator-specific working sheet held by compliance)
Carbon-price deduction	0.000000 certificates
Net certificates shown as due	4,500
Certificates surrendered	4,500; registry posting 30 September 2027, 19:02 CEST

Account operations

Timestamp (CEST)	Event	Quantity
2027-09-28 10:42	Certificates available after purchase settlement	4,500
2027-09-30 18:21	Annual declaration accepted for processing	—
2027-09-30 19:02	Surrender instruction settled	4,500
2027-10-03 08:04	Account extract downloaded	0 available after surrender

The export is evidence of the transmitted declaration and settlement entries, not of an independent technical approval of the underlying emissions calculations. A separate application snapshot lists the filing input records and source-version references.
